**TERMS OF SALE**  
*(Please Read Carefully)*

1. BIDS BY MAIL, EMAIL, PHONE or FAX will be accepted until the closing date. All phone bids must be confirmed in writing on a signed bid sheet. Bids are treated as LIMITS. Bids are reduced where competition permits. In the case of tie bids, the first received is normally given preference. No "buy" or unlimited bids are accepted. Bids are accepted by lot number only. No lots are broken up. Bids are only executed in even dollar amounts.

2. This sale is NOT an approval sale. All material offered is guaranteed genuine and as described. Careful examination has been made of every lot. Cataloging errors will be cheerfully and promptly corrected. **FLOOR BIDDERS MAY NOT RETURN ANY LOTS** including those purchased while acting as agents. All claims for adjustment by other bidders must be made within five days of receipt but in no case more than 35 days after a sale. As the auction house acts as an agent for various consignors, NO CLAIM OF ANY KIND can be considered after settlements have been made. If a claim is not made within this 30 day period, no lots are returnable for any reason at any time. If we are notified prior to our settlement date that an opinion of condition, alteration or authenticity is being sought, the matter will remain open until such opinion is rendered. **Lots are not shipped until paid for in full.** Therefore, late payment will negate a return privilege. Any returned lot must be in its original holder with seal intact. Large miscellaneous or "bulk" lots cannot be returned for any reason.

3. **Successful floor and mail bidders are required to pay the full invoice amount before lots are delivered. Terms of this sale are strictly cash or an approved VISA or MasterCard (refer to Paragraph 5). Should payment be made by check (in any form), the auctioneer reserves the right not to deliver lots until funds have cleared, usually 14 business days.** First rate credit references and a 25% deposit are necessary to insure entry of your bids. Any portion of such a deposit not used will be promptly refunded after the sale. Any questions regarding the above policy should be made in writing to the auctioneer 7 days prior to the sale date.

4. **A 15% buyer's charge will be added to the successful bid price of each lot.** This 15% buyer's charge will be added to the invoice of each successful bidder without exception, and is payable by the buyer as part of the total purchase price. Additionally, 5% monthly interest is charged on all accounts 30 days past due calculated from the sale date. If any awarded lots are still on hand without a deposit 30 days after a sale, they will automatically be offered to the underbidders or relisted in the next available sale. The difference in price will be billed to the former bidder. Late payers should not expect to receive future catalogs.

5. **TERMS OF THIS SALE ARE STRICTLY CASH AND MUST BE PAID PROMPTLY IN U.S. FUNDS.** Payment should be made immediately upon receipt of the invoice. Payments from foreign accounts must be made in **U.S. Dollars by International Check drawn on a U.S. bank** or by wire transfer to the account of Craig A. Whitford Auctions, c/o Comerica Bank, Lansing, Michigan. (As a convenience, invoices may be charged to your VISA or MasterCard accounts. Please supply account number, signature and expiration date on your Bid Sheet. *Refer to your Bid Sheet for further instructions.*)

6. POSTAGE, INSURANCE and/or handling fees are added to ALL SHIPMENTS. (*Minimum charge of \$3.00 per parcel*). All lots to be mailed to addresses not in the United States of America or its Territories, are charged an additional 1% insurance fee unless insurance is provided by the bidder. Overseas bidders must supply full detailed shipping instructions and agree to all terms as listed herein before shipment is made. We normally use registered airmail with return receipts and proper custom tags on overseas shipments.

7. SALES TAX will be collected under the laws of the state in which the sale is conducted unless a valid resale number is presented. **Sales Tax in the amount of 6% will be collected on all lots delivered within the State of Michigan.**

8. TITLE TO ALL LOTS REMAINS WITH THE AUCTION HOUSE until payment in full is received. The auction house reserves the right to accept or reject any or all bids at its discretion. Generally, bids below 60% of estimate will not be accepted. By placing a bid in this sale either in person, by agent, mail, email, phone or fax, you agree that this agreement is made in Michigan by the auction house's entry of your bid, and that disputes concerning the agreement shall be decided by the application of Michigan law. In the event of a dispute or nonpayment, the auction house may elect to proceed judicially, in which case the bidder consents to jurisdiction and venue in the courts of Ingham County, Michigan. If an account is referred to an attorney for collection, the buyer agrees to hold the auction house harmless and to indemnify it for all costs of collection, including actual, reasonable attorney's fees, with interest as provided in Paragraph 4 accruing on the entire amount until paid.

9. Items photographed in this catalog are of the actual items being sold.

## TIPS FOR SUCCESS BY MAIL BIDDERS

Mail Bidders have come to be a substantial part, perhaps 80%, of those winning lots in our numismatic auctions. They have helped to establish our reputation of varied successful sales. In addition to instructions on the bid sheet, we are happy to fulfill reasonable special instructions for our clients.

Bidders find intense competition for especially desirable lots, often clustering in the same price range at or slightly above our estimates. Such estimates are to be used as guides only. Often the final price for popular and high grade material will be over estimate; in some cases, two or three times over.

In analyzing the results of our past sales, we find approximately 10% of the lots sell at top wholesale, 80% sell around full retail and the remaining 10% exceed our expectations.

For your guide, we quote some strategies and bidder techniques followed by those who consistently win lots by mail bid.

1. **Always read the Terms of Sale** and compare rules from various numismatic auction houses. These will vary from firm to firm and also from sale to sale within the same firm. Be aware of Buyer's Fees, Value Added Tax, handling and shipping fees as well as the extent of guarantee, return privileges and late payment or storage charges.

2. Tie Bids are often received in mail bids. Our policy is to award the lot to the earliest postmarked bid. Also considered are those clients who pay their accounts promptly. **Always mail your Bid Sheet as early as possible.** You may also fax us your bids anytime 24 hours a day at (517) 394-0579.

3. **Please read and sign your Bid Sheet** and include your phone number. Unsigned bid sheets may not be considered. If we believe a significant bidder error has been made, we will attempt to verify a bid by phone before the closing date.

4. It is a poor strategy to bid at low levels on numerous lots. Those who do so achieve little success. For the auction firm, needless time is spent to process the unlikely bids. Auction firms have learned the practice is counterproductive and lessens the professional credibility of the bidders. **Lots bid under 60% of the value or estimate are not recorded;** bids under 75% have little chance in bidding competition. Please review your financial circumstances carefully before bidding.

5. It assists the auction firm if the bids are listed in numerical order. Mistakes can be avoided and processing is easier. **Always recheck your bid sheet.**

6. Do not be afraid to bid over estimate if you feel a lot is worth it. We find that most tie bids occur on lower priced items. Where possible, lots are purchased for mail bidders below their maximum bids. This happens on about 20% of

all lots. Once a sale has been called, we cannot increase your bid. We will always try to purchase the lot for you as inexpensively as possible.

7. If you want a percentage increase on any lot or lots, indicate this on your bid sheet. We prefer that you do this on a lot by lot basis on a few lots rather than just checking an overall percentage increase box.

8. Should you wish bidding to stop for you when a certain total has been achieved, we can generally follow your instructions even if you bid up to four times your total limit. We can enter your bids in the bid book or have one of our assistants represent you from the floor. In this manner, you can submit more bids, increasing your chances of success without overextending your budget. This gives mail bidders one of the traditional advantages of floor bidders which is participating competitively within ones means. *We can also recommended independent agents which will bid for you from the floor for a modest fee.*

9. If you are interested in purchasing just one lot of a type where several similar types are offered, indicate this with special instructions. Just bracket those bids and mark **"one only"** or **"alternate."**

10. Known clients in the United States only may request permission to view lots by mail (*except for large or bulk lots, or other multiple coin lots*) until 10 days before the sale date. Photos can also be requested at a fee. The bidder requesting inspection of lots by mail agrees to pay postage and insurance both ways and to insure and be responsible for the pieces while in their possession. This advantage may answer specific questions one may have about varieties or condition.

11. Depending on facilities and personnel, it may be possible to arrange telephone bids with the client, to compete with the mail bids and floor bidders. Usually there is only one telephone available. Such arrangements usually are for a single coin or grouping of coins.

12. **Become a subscriber.** This will insure that you will receive catalogs and prices realized by timely first class mail. The prices realized can be a useful study guide for future bidding or purchases. It can also indicate areas where prices are declining or increasing and helps one to evaluate similar pieces in a collection. (*Our current subscription rates are: U.S. & Canada \$17.50; Overseas \$25.00 in U.S. Funds*)

13. By following the above tips you can have an enjoyable and successful time bidding by mail in numismatic auctions. **Should there be any questions about lot descriptions, Terms of Sale, bidding procedures or estimates, please call us at (517) 394-4443 during regular business hours which are 10 a.m. to 4 p.m. EST, Monday through Friday.**
